Getting closer to the starting line

With just two weeks left to the big day, things are heating up. The amount raised has now exceeded the RM1 million mark. Participation stands at 99 teams from 57 companies as well as 33 corporate chiefs, raising the total amount raised to RM1,251,000.

Ireka Corp.

Rat Race newcomer Ireka Corp Bhd is very excited to make its debut in the Rat Race. Executive Director Lai Voon Hon, who will be sweating it out in the CEO category, wants to be a part of the fun, having caught the enthusiasm of his staff. "As Theodore Roosevelt said: When you play, play hard. When you work, don't play at all!"

"This is our maiden Rat Race and we certainly hope it won't be our last. We are very thrilled and are eagerly counting down to the event. It's a precious opportunity for us as it forms camaraderie among the staff from the different subsidiaries within the Ireka Group. This is in line with our mission to inculcate an open communication culture within the group since we have many different business entities – from construction and property development to hospitality and IT," says Lai.

Quoting Mother Teresa, Lai adds that "we always feel what we are doing is just a drop in the ocean. But the ocean would be less because of that missing drop. I hope Ireka's participation will contribute another drop into the ocean, especially towards the less privileged."

Lai also congratulates The Edge and Bursa Malaysia on the 10th anniversary of the annual charity run. "Ireka is glad to be a part of this historic milestone and we look forward to many more amazing years of the Rat Race!"
