

All The Winners of MCIEA 2010

CONTRACTOR OF THE YEAR - WCT BERHAD

Upgrading Kota Kinabalu International Airport Package 1, Terminal Building and Landside Infrastructure Facilities

The projects involved multi faceted complexity such as the construction being done to an active 2nd largest and busiest operational airport in Malaysia without down time to the airport operation. The construction was also in accordance with International Civil Aviation Organisation Standard. WCT prides itself in constantly providing high quality and valuable services to clients, and at the same time create a better quality of life for the society. This company is indeed an Icon to the Malaysian Construction Industry.

CEO OF THE YEAR AWARD
MR LAI SIEW WAH (IREKA CORPORATION BHD)

Under his leadership, Ireka Corporation Berhad's success has received distinguished recognition, namely:

1. Silver Medal For Civil Engineering Category 1998
2. KLSE Corporate Sectoral Award 200
3. MS ISO 9001:2000 Quality Management Systems Certification In Year 2002
4. IBM Global Financing BP Recognition Awards 2003
5. IBM Top Performance Award 2005
6. PAM Architectural Award 2006
7. CNBC Asia Pacific Property Awards 2009.

PROMINENT PLAYER AWARD
SR. CHUA SIOW LENG (WCT BERHAD)

During his tenureship, he has been responsible for numerous projects locally and internationally that include two of the world's most impressive Formula 1 tracks in Sepang, which won MCIEA 2001 Special Project, and Formula 1 Track in Bahrain, that received MCIEA 2004 International Achievement Award.

INTERNATIONAL ACHIEVEMENT AWARD
WCT BERHAD CONSTRUCTION OF ABU DHABI FORMULA 1 (YAS ISLAND)

Among the many projects is the Motor Racing Circuit, YAS Island Abu Dhabi, United Arab Emirates. The Abu Dhabi F1 Circuit is the first in the world to have covered grandstands for a total seating capacity of 55,000 spectators and incorporates the latest system in pneumatic and hydrolic sewerage and collection systems. In providing total solution to the client, the

company is also actively engaging Malaysian manufacturers, products and professional services for the project. The project involved first state of the art, purpose built for day and night F1 track use, a very extreme tight timeline to meet the 2009 F1 schedule while strictly following international standards.

Over the years, the construction industry has transformed the landscape of this country. The construction of world-class standard buildings and structures has put Malaysia in the eyes of the world. KLCC, KL Tower, Penang Bridge and KLIA, to name a few, have become icons of the country, representing our achievements. CIDB is honoured in coordinating and facilitating such an expansion for the industry, assuming a crucial role as a mediator between the industry stakeholders and the government.

Through these efforts, we share our vision with all industry players for the industry to be a world-class, innovative and knowledgeable global solution provider.

In honouring the commitment and excellence of the construction industry players, CIDB has taken the initiative to collaborate with its industry partners, to confer construction-related organisations and industry players with the prestigious Malaysian Construction Industry Excellence Awards. The awards, which are in their 11th year, showcase the industry's excellence in its endeavour to benchmark quality, productivity and best practices.

Among others, the objective of the awards is to recognise individuals or organisations, who have contributed and demonstrated excellence in enhancing the image, performance and improvements of the Malaysian construction industry.

It is also to provide a platform for healthy competition among industry players in the quest for excellence by showcasing best practices in project implementation.

The Malaysian Construction Industry Awards are Malaysia's premier accolades for all-around excellence in the industry.

The MCIEA 2010 panel of judges posing on stage with Y.B. Dato' Shaziman Abu Mansor, Minister of Works

Tan Sri Dato' Ir. Jamilus Hussein, Chairman of CIDB Malaysia and YBhg Datuk Thomas George, Secretary General, Ministry of Works in a group picture with some of the VVIP guests of the evening
