

Sandakan and Ireka rejuvenated by Harbour Mall

SANDAKAN Harbour Mall, with an estimated gross development value (GDV) of RM510 million and part of the Sandakan Harbour Square, an award-winning urban renewal project, opened its doors for business yesterday.

Located in Sandakan's new central business district, the harbour shopping mall is said to be the first-of-its-kind to front the coastal shores of Sandakan Bay.

The mall and the square is managed by Ireka Development Management Sdn Bhd, a subsidiary of Ireka Corp Bhd.

Sandakan Harbour Square is developed by ICSD Ventures Sdn Bhd, a subsidiary of London-listed Aseana Properties Ltd, together with joint

venture partner Sandakan Municipal Council.

The anchor tenant is Parkwell departmental store and supermarket.

Some of the other brands at the mall include McDonald's, Levi's and The Body Shop.
