

RM1.2bil Ireka order-book

KUALA LUMPUR: Ireka Corp Bhd has amassed a construction order-book of RM1.2bil that will keep the company busy in the medium term.

The group is also expected to benefit from the country's growing construction and real estate sectors.

"The company prefers to tender for projects where quality is the key prerequisite and where it can leverage its skilled multi-disciplinary team," Ireka said in a statement yesterday. — Bernama
