

IREKA BAGS RM276.79M CONSTRUCTION CONTRACT FROM KL ECO CITY

KUALA LUMPUR -- Ireka Corporation Bhd's infrastructure arm, Ireka Engineering and Construction Sdn Bhd (IECSB), has bagged a RM276.79 million construction contract from KL Eco City Sdn Bhd.

Under the contract, Ireka will be responsible for the main building works of the retail podium, office Block A and the remaining works for the basement levels at the KL Eco City's mixed development project, Ireka said in a statement.

The mixed development project, located in Bangsar, is a joint venture between Kuala Lumpur City Hall and KL Eco City. The contract is expected to commence on Oct 15, 2014 and completed in 29 months from the date of commencement.

Ireka said the contract is KL Eco City's second to be awarded to the company. It is currently constructing two blocks of serviced apartments, namely the Vogue Suites Tower 1, with the contract worth RM298.24 million. Ireka's current order book stands at about RM1.44 billion, with RM1.08 billion still outstanding.
